Commercial Electrical Delegated Agents October 19, 2026

Wisconsin Administrative Code Section SPS 316.011(1).

Pursuant to Wis. Stat. sec. 101.86 (1), municipalities may exercise jurisdiction over the inspection of electrical wiring installations at: farms; public buildings; places of employment; campgrounds; manufactured home communities; public marinas, piers, docks, and wharves; recreational vehicle parks; and vacant land or structures for which a permit under this chapter or ch. SPS 320 has not already been issued.

Counties with delegated authority have been authorized jurisdiction over the inspection of electrical wiring installations in municipalities which do not have their own delegated authority. Municipalities with “N/A” in the Inspection Agency No. column are within the jurisdiction of a delegated county.

How To Use This List

Review this list to determine if your municipality or county has authority to issue commercial electrical permits and inspections.

1. Look for the municipality with jurisdiction over your project location.
2. If the municipality is not listed, look for the county of your project. You are not permitted to submit a permit application to the county if the municipality is delegated.
3. If neither the municipality nor county has this authority, submit the permit application via esla.wi.gov or use the [Inspector Lookup Tool](#) to determine the DPCS-appointed inspector based on project county. You are not permitted to submit to DPCS if there is a Delegated Agent (unless the project is for a state-owned building or there is a conflict of interest for the Delegated Agent).

Note that the list includes:

- Each Delegated Agent’s Electrical Inspection Agency credential, required by SPS 305.629.
- A link to each Delegated Agent’s authority letter from DPCS.
- Delegated Agent and inspector contact information. Note that delegations are not contingent on the specific individuals identified on this list or in the linked letter.

Contact DSPSSBDelegations@wisconsin.gov with updates to this list.
