ONEIDA CO.
PLANNING & ZONING

Dear Mr. Osterman:

Pursuant to s. 145.20(3)(a), Wis. Stats., and s. Comm 83.23(1), Wis. Adm. Code, the Department has reviewed your application for plan review authority as a County Designated Agent. Your request has been conditionally approved. The types of plan review that a County Designated Agent may perform are listed in Table 83.22-2. Based on the provisions of chapter Comm 83 and the conditions listed in this letter, Oneida County has been approved to review the following categories of POWTS plans:

- Plan review for pre-cast, or manufactured holding tanks for one and two family dwellings.
- Plan review for pre-cast, or manufactured holding tanks for public or commercial facilities.
- Plan review for non-pressurized in-ground systems for public or commercial facilities with a design wastewater flow of 5,000 gpd or less.

This approval does not include review of private, public or commercial systems that exceed the design wastewater flows specified above, designs that do not meet the criteria in Table 83.22-2, petition for variance requests, or experimental system review and approval.

To ensure plan review consistency, a POWTS Plan Reviewer will conduct a training session with you and/or your staff. Please contact Brad Johnson, Integrated Services Section Chief at 920/492-5605 or bjohnson@commerce.state.wi.us to schedule a time when this training can be provided.

The initial approval for agent status is for an one year period or until the next scheduled county audit is completed. If the results of the next audit are satisfactory, the approval will be renewed for a three year period. Oneida County must notify the department within 10 days of a change in staffing that could affect plan review capability. Oneida County may terminate designated agent status by providing the department with 30 days prior notice of its intention.

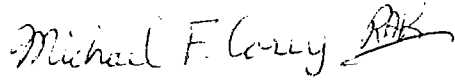

Designated agent status may be suspended or revoked upon determination by the department that Oneida County has not abided by the requirements and conditions specified in s. 145.20(3)(a), Wis. Stats.

This approval letter replaces and supercedes any previous letters issued to Oneida County regarding POWTS plan review as a County Agent or County Designated Agent.
