The specifications and/or plans for this plumbing product have been reviewed and determined to be in compliance with chapters SPS 382 through 384, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

The Department hereby issues an approval based on the Wisconsin Statutes and the Wisconsin Administrative Code. **This approval is valid until the end of JULY 2017.**

This approval is contingent upon compliance with the following stipulation(s):

- A means of venting the gases formed inside of the tank in which this product is installed shall be provided in accordance with s. SPS 384.25 (5), of the Wisconsin Administrative Code.
- This product must be installed in accordance with the manufacturer's installation instructions and with the bottom of the product above the scum level in the tank.
- This product shall be cleaned and maintained at the same time as the tank pumping interval.

This approval supersedes the approval issued on 2/9/2010 under product file number 20100091. This approval letter shall be incorporated with your previously approved plans and/or specifications approved under product file number 20100091.

The department is in no way endorsing this product or any advertising, and is not responsible for any situation which may result from its use.

Sincerely,
